As a full-stack developer, I have knowledge of programming languages such as JS, Py, GO, PHP, and Ruby; as well as web frameworks or libraries such as React.js, Django, Laravel, WordPress, and Jekyll. I am a coding enthusiast, so I spend most of my free time going through online courses to enhance my technology stack and participating in programming challenges.

## WORK EXPERIENCE

### Software Engineer

Avantica 📄

05/2020 - Present

Colombia

#### Tasks

- Golang developer for trulocal. 📄
- New e-commerce integrations.
- Microservices development.
